A letter from the CEO

Ahmed Alhawas

Chief Executive Officer
ADVANCED SECURITY SOLUTIONS I.L.C

Dear Sirs,

At Advanced Security Solutions we believe in People & Values.

This slogan is not just a tag line. It is a way of living.

An attitude we are practicing for 20 years now. 20 years during which we always put forward our team withoutwhom it would be impossible to reach our current footprint as a Security Solution & Contracting Services provider.

A "HIT" team whose main objective is customer satisfaction through:

- **Honesty:** we deliver what we promise.
- **Integrity:** we stand behind what we say, we take responsibility & accountability of our decisions.
- **Trustworthy:** we ensure we always do the right thing.

A multi-discipline engineering "HIT" team dedicated to providing superior Security Solution & Contracting Services, operating in full transparency and governance under a Board of Directors which regulates the Group's orientations and practices.

Our aspiration is to become a sustainably growing and profitable Security Solution & Contracting Services provider through building effective and efficient operations in identified markets and to consolidate Advanced Security Solutions as a recognized brand in all our fields of activities in Qatar.

Sincerely,

A handwritten signature in black ink, enclosed in a hand-drawn oval. The signature appears to be 'AH' followed by a stylized flourish.

Who we are

- our history
- our mission
- our vision
- our core values
- our skills
- our drivers
- our customers
- our corporate citizenship

1. Our History

The history of Advanced security Solutions is interwoven with the development of the Security industry in Qatar on the one side and the Middle - East, Africa & Central Asia on the other. Throughout its two decades of history, the team has successfully designed and executed hundreds of projects in the territories we cover.

2. Our Mission

Our purpose is to positively impact lifestyles of the communities we serve through consistent, timely, quality, efficient and value added delivery of engineered, innovative, and tailor-made technology solutions that constantly exceed expectations.

We uphold the recognition of advanced for its excellence in human value practices and commitment to its customers for generations to come.

3. Our Vision

Our aspiration is to become a sustainably growing and profitable engineering & security management solutions provider through building effective and efficient operations in identified markets and to consolidate ADVANCED SECURITY SOLUTIONS as a recognized brand in all our fields of activities in our target countries.

4. Our Core Values

Our core values are translated into every aspect of our business.

- **Integrity:** We trust and can be trusted.
Integrity is the guiding principle in our business interactions. It is an unconditional commitment to respect the trust of clients and employees alike. We stand by what we say and take accountability on every decision we make.
- **Quality:** We always strive for the best.
Delivering optimum quality services is a must. We do not aim to meet customers' expectations. We aim to exceed them.
- **Human capital:** We believe in our team.
Our most valuable asset is our team. We cherish a learning culture and nurture the potential of our employees.
- **Innovation:** We will always find a way.
Our company strives to continuously come up with solutions that create value for customers. We empower employees and embrace innovative developments in all our business processes.
- **Sustainability:** We respect our environment and community.
Our company cares for the environment. Conserving valuable resources is one of our many environment-friendly strategies. Maintaining sustainable operations is also part of our strategy to continue serving our community for many generations to come.

6. Our Skills

Our team of engineers, designers, draftsmen, and construction managers cultivate Advanced Security Solutions's success with their multidisciplinary expertise in the complete process of tertiary and industrial facility design and construction. Our team's specialized skills are manifested from design review through project management to the final delivery of turnkey projects. Most of our senior engineers and staff have acted as project managers, both in-house and for various international customers interfacing with other engineering firms and contractors

7. Our Drivers

A result oriented approach – through an efficient and “can do attitude”. It is driven by:

- Excellence and efficiency – through proper thinking, planning and implementation.
- Team Work – an open exchange of information and resources with our clients.
- Professionalism – a fully “focused on the job” approach.
- Adaptability – a receptive approach to customer needs.
- Diversity – through a team that is built around diverse cultures.
- Innovation – research and a creative approach to problems and solutions.
- Learning – technical and managerial training of our team.

8. Our Customers:

ADVANCED SECURITY SOLUTIONS serves clients from industries across the board including

9. Our Corporate Citizenship

At ADVANCED SECURITY SOLUTIONS “Corporate Citizenship” really means developing mutually beneficial, interactive and trusting relationships between the company and its many stakeholders: employees, customers, communities, suppliers, governments and investors through the implementation of the company’s strategies and operating practices. We treat all of the company’s stakeholders and our natural environment with dignity and respect. We firmly believe that good corporate citizenship has an impact on the success of our business. Our ‘Corporate Citizenship’ forms the basis of the way we operate.

*"We are People.
We are Talents.
We are Knowhow.
We add Humanity
to State of the Art
Technology."*

What we do

security management systems

Security Management Systems

Advanced Security Solutions specializes exclusively in surveillance technology from cameras to video management software. We aim to deliver truly integrated and compatible solutions to meet the needs of increasingly demanding market.

Advanced Security Solutions is a recognized provider of IPCCTV systems designed to protect sites against danger, damage, loss, and crime. Our team implements structures and processes according to the security standards and requirements of each project.

Advanced Security Solutions success stems from its dedication to providing customers with proven professional services that simplify procedures, ensure transparency and provide cost-effective solutions. As such, the company focuses on delivering tailor-made designs and installations, developed with quality-centric workmanship. Advanced Security Solutions technical support teams provide round-the-clock services but we also offer comprehensive training to clients enabling them to have complete ownership over every system we install.

Our broad range of engineering services and solutions include:

- Design
- Design review & audit.
- Systems re-engineering following review and audit
- Equipment specifications
- Project cost estimation
- Planning and scheduling
- Project management
- Inspection/QA/QC
- Operator training
